

MapAnything®

A Salesforce Company

MapAnything for Salesforce, the most comprehensive field productivity solution native to Salesforce, makes field reps more effective, efficient, and profitable by visualizing Salesforce data on a map, and creating optimized schedules and routes for field execution.

The leading map-based data visualization tool native to Salesforce, MapAnything offers a full suite of services including optimized territory design, scheduling and routing, and live tracking.

- Easily access and better understand Salesforce data on a map
- Ensure revenue goals are met with account prioritization
- Build effective sales and marketing alignment plans with smooth execution
- Make better data-driven decisions while in the field

“

“MapAnything has completely transformed and accelerated ROI from Salesforce. This tool allows us to visualize our data, making immediately obvious instances and trends which were otherwise hidden within our data. A must have for our field sales and services organizations.”

Kevin Leveille, *President, Score Selling, LLC*

MapAnything enables customers to design optimal territories, create optimal schedules, and map optimal routes enabling field reps to service more accounts in less time. This helps companies to maximize resources, drive productivity and revenue, and increase territory control and visibility, all while reducing expenses.

Optimized Routing

Plan and optimize an entire week with the click of a button, so field reps can spend more time with customers and less time behind a windshield.

Priority Scheduling

Prioritize visits based on Einstein® Score, Pardot® Score, potential revenue, and more to spend the most time with the most valuable customers and prospects.

Data Visualization

Surface valuable Salesforce data on a map-centric interface to gain insights and create a path for future growth.

Turbocharged Lead Gen

Access necessary data to turbocharge your prospecting efforts and marketing campaigns, fill schedule gaps with nearby opportunities, and more.

About MapAnything

MapAnything offers the industry's leading geo-enabled field productivity solutions that leverage mapping and optimization technologies. We enable our customers to maximize the productivity of their sales and service resources.

MapAnything is the only global Enterprise Platform that allows the user to go from Territory Design and Planning, thru to Field Execution and Visualization of results.
